

Tactile Medical to Participate in the 29th Annual Piper Jaffray Healthcare Conference

November 16, 2017

MINNEAPOLIS, Nov. 16, 2017 (GLOBE NEWSWIRE) -- Tactile Systems Technology, Inc. ("Tactile Medical") (Nasdaq:TCMD), a medical technology company focused on developing medical devices for the treatment of chronic diseases at home, today announced that management will participate in the 29th Annual Piper Jaffray Healthcare Conference at the Lotte New York Palace in New York, NY. Management will participate in a fireside chat on Tuesday, November 28 at 9:00 a.m. Eastern Time.

A live audio webcast of the presentation will be accessible under the "Events & Webcasts" section of the Company's investor relations website at <http://investors.tactilemedical.com>. An archive of the webcast will be available for replay following the conference.

About Tactile Medical

Tactile Medical is a leader in developing and marketing at-home therapy devices that treat lymphedema and chronic venous insufficiency. Our mission is to help people suffering from chronic diseases live better and care for themselves at home. Our unique offering includes advanced, clinically proven pneumatic compression devices, as well as continuity of care services provided by a national network of product specialists and trainers, reimbursement experts, patient advocates, and clinical staff. This combination of products and services ensures that tens of thousands of patients annually receive the at-home treatment necessary to better manage their chronic conditions. Tactile Medical takes pride in the fact that our solutions help increase clinical efficacy, reduce overall healthcare costs and improve the quality of life for patients with chronic conditions.
