Explanation of Responses:

1. Each share of Series A Preferred Stock was convertible at any time at the option of the holder, and converted automatically into shares of the Issuer's Common Stock on a one for 1.027 basis in connection with the closing of the Issuer's initial public offering. In addition, the holder was entitled to receive additional shares of common stock equal to the original purchase price per share (\$4.2301) divided by the price to the public of the shares of common stock issued in the Issuer's initial public offering.

2. The securities did not have an expiration date. The securities converted automatically into shares of the Issuer's Common Stock in connection with the closing of the Issuer's initial public offering.
